Help us get it right!

We need to ensure that all parents/carers voices are heard when decisions are being made about essential services in the borough. We want parents/carers of children and young people (0 – 25) to work alongside us at a range of meetings.

Our aim is to work closely with Empowering Parents Together (EPT), our local Parent Carer Forum, as they have a key role in co-ordinating parent participation, signposting families to the right support whilst linking regionally and nationally on SEND issues. EPT have recently taken a short break and are now re-grouping with the help of Contact and the London Borough of Redbridge.

If you would like to be part of this new group or would like more information about how the forum is being developed please contact
